

1 HOMEPAGE

After login you will be directed to the homepage where you will find all your BRD products.

If you want to set an alias to one of your accounts, you just have to click on the desired one and you will be directed to its details screen.

2 SET AN ALIAS

In the product details page, next to the account name, you will see an edit icon.

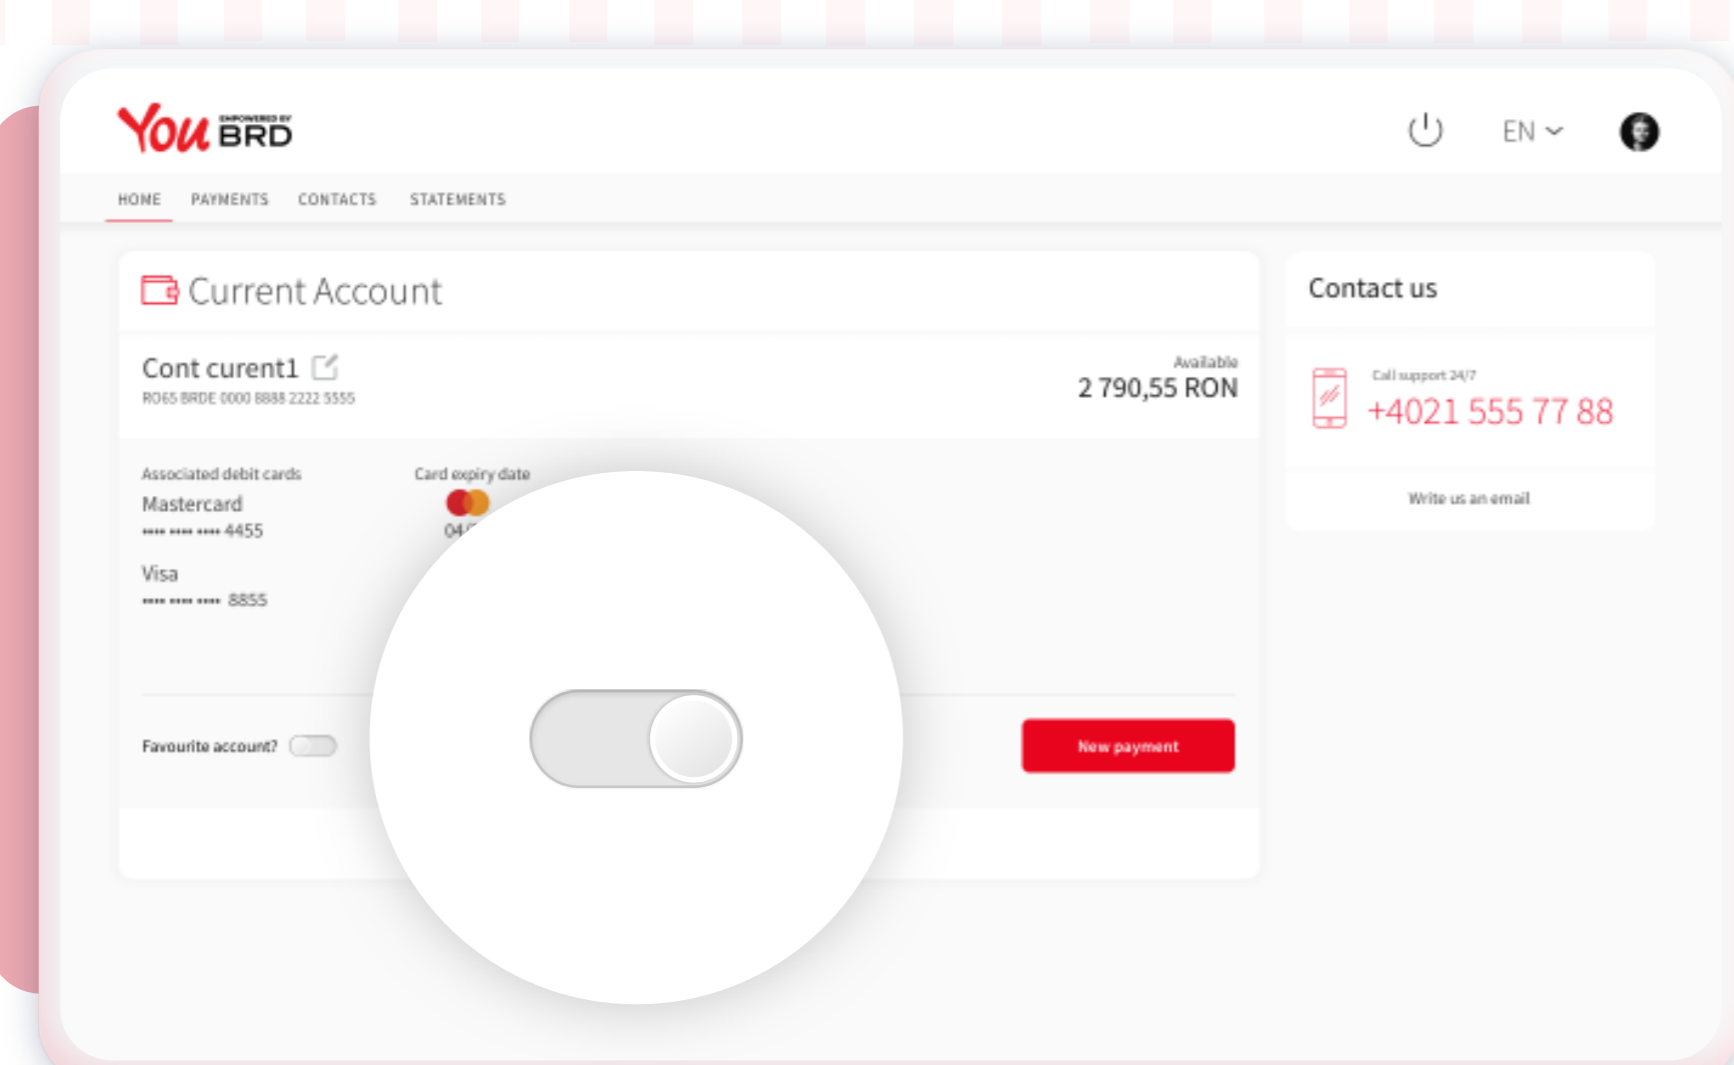

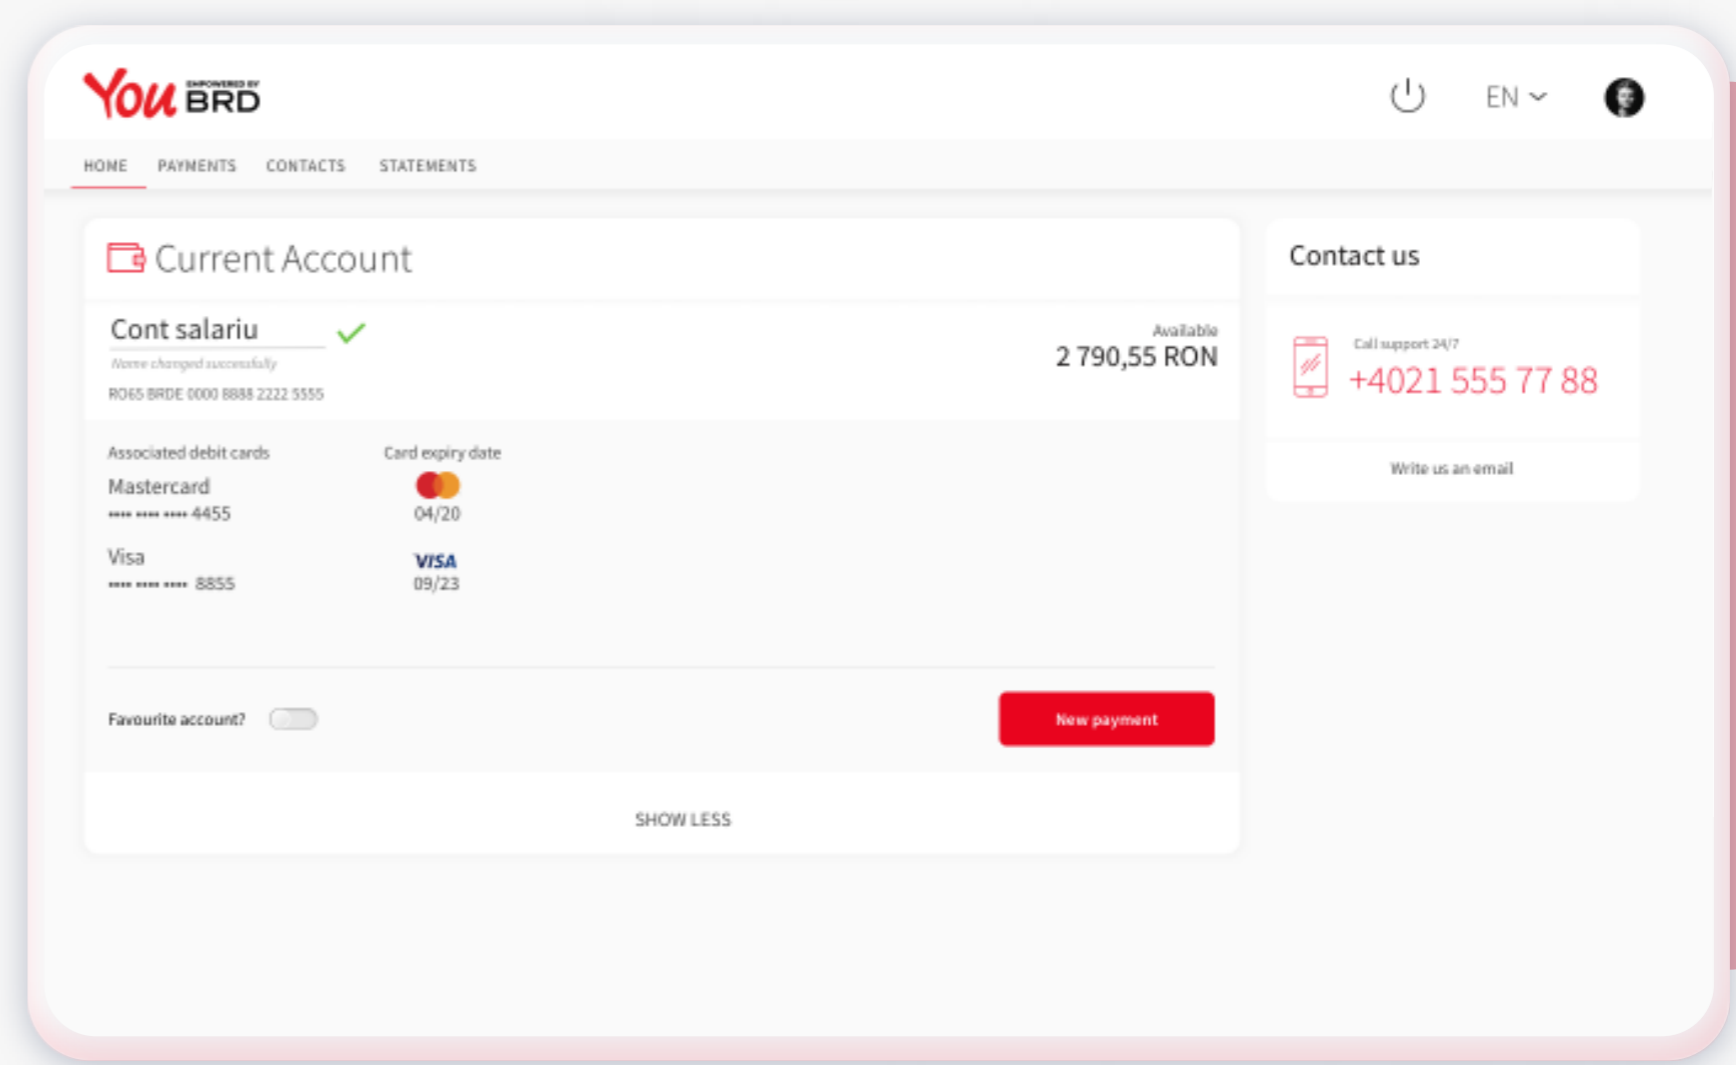

3 NEW ALIAS

Click on the edit icon and input the new name. Please, have in mind that you are allowed to insert maximum 20 characters.

4 SAVE THE NEW ALIAS

If you finished to write the new product name, press the "enter" key from your keyboard and below your new account name you will see a confirmation message "your alias was saved". From now on you will be able to identify this product by its new name.

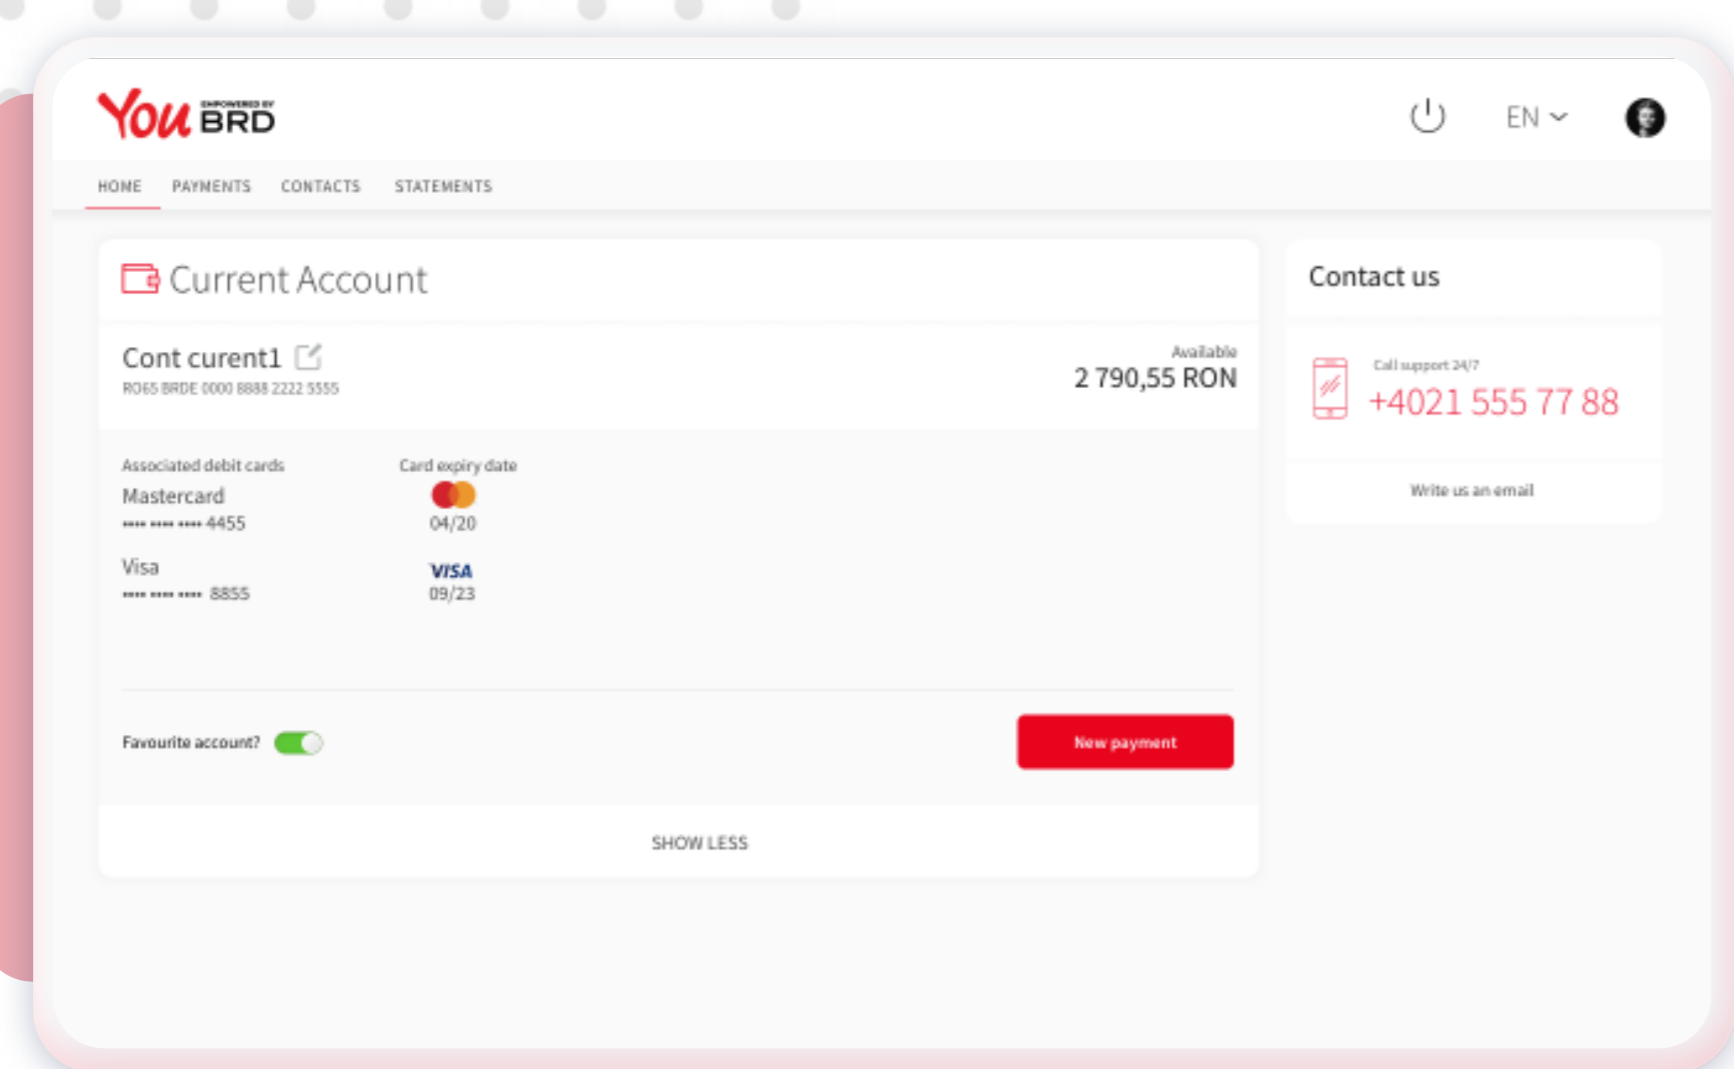

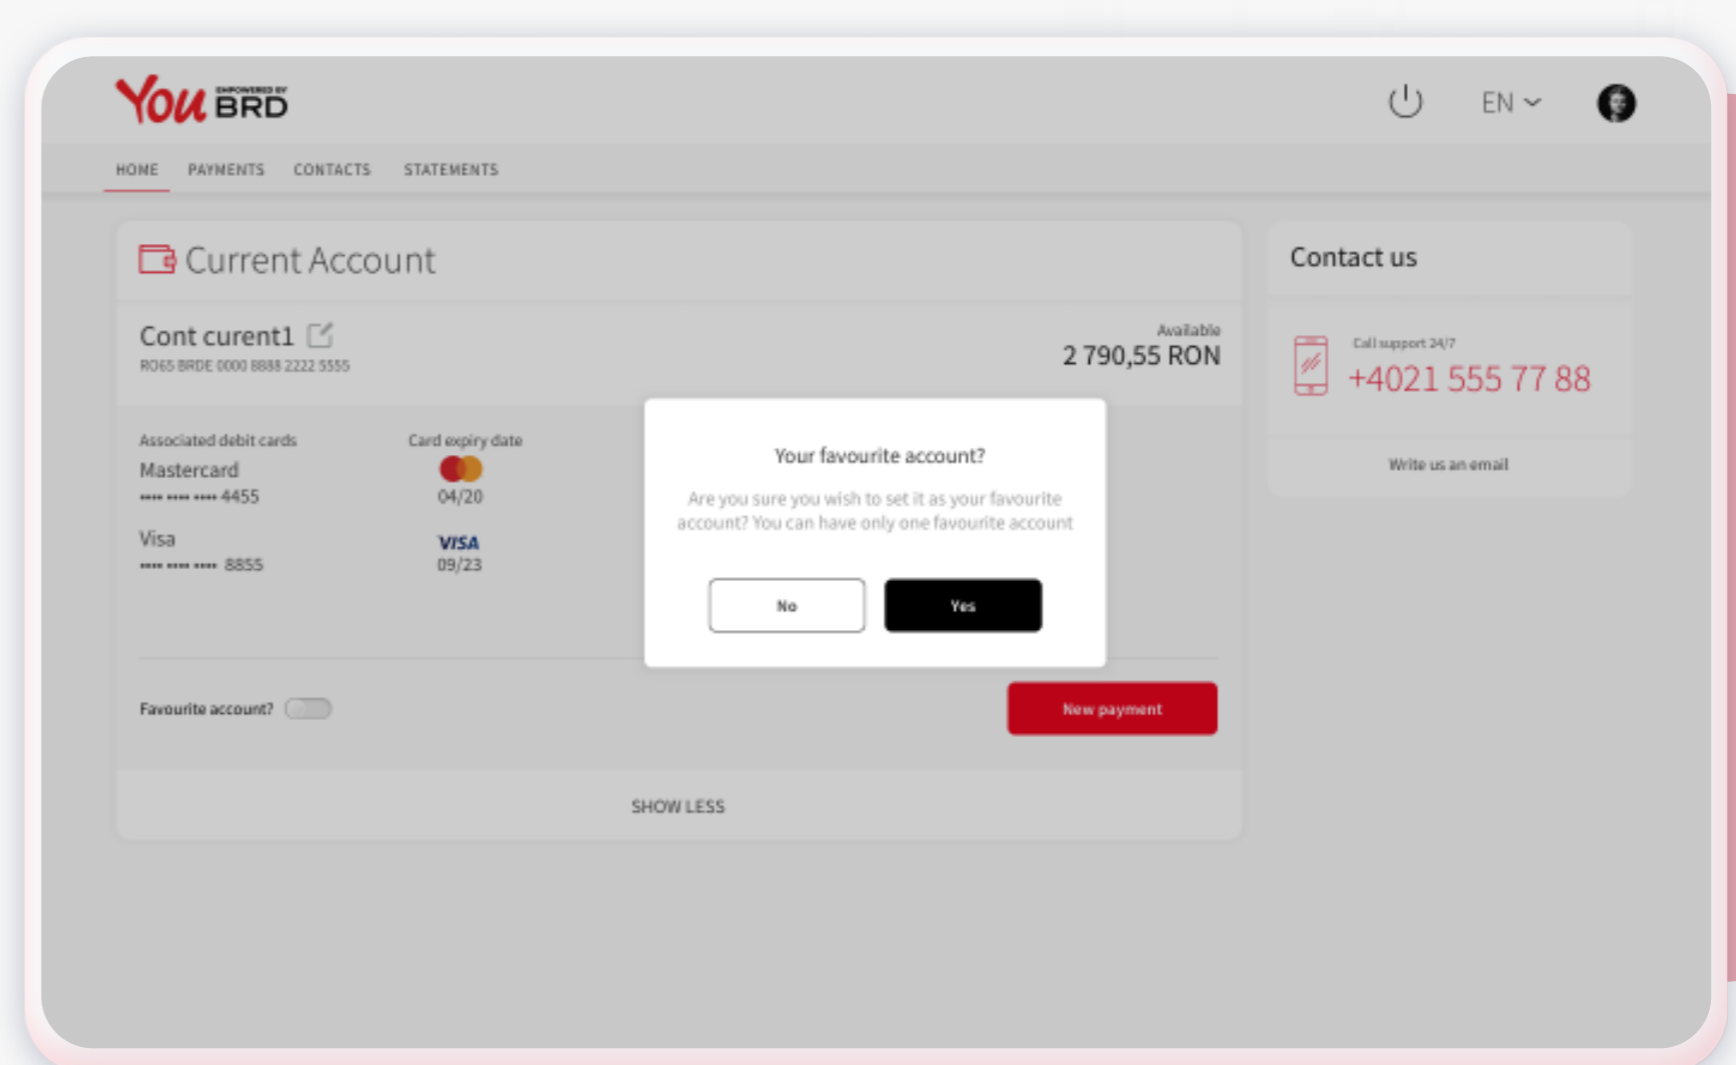

5 SET A NEW FAVOURITE ACCOUNT

You already have a favourite account chosen by BRD and its the first displayed on the home page. To set another current account as your favourite account you have to click on its name to be directed to its details screen and on the left-bottom side of the section you will see a toggle.

6 FAVOURITE ACCOUNT?

Click on that toggle and instantly a pop-up will be displayed. If you want to continue with this process you should click on "Yes" button, otherwise click on "No" button. Please have in mind that only one of your current accounts can be set as your favourite.

7 YOUR NEW FAVOURITE ACCOUNT

Instantly after you have clicked on "Yes" button, the toggle will turn green. This colour is the confirmation that you have set a new favourite account.
